MINISTRY OF STEEL AND MINES**(Department of Iron and Steel)****Iron & Steel Control****PUBLIC NOTICE***Calcutta-1, the 2nd January 1965*

SUBJECT :—Import of Iron & Steel materials from U.S.A. under AID Loan No. 103

No. 1/7-1/65—The conditions applicable to Import Licences granted for non-Project imports against financing by the U.S. Agency for International Development under AID Loan 103, are published *vide* Appendix to this Public Notice.

Import licences issued under this loan will be subject to these conditions.

C. B. MATHUR

Deputy Iron & Steel Controller

APPENDIX TO IRON & STEEL CONTROL

Terms and conditions governing the issue of import licenses under AID Loan No. 103

(I) Eligible Items

A list of eligible items, and conditions governing the importing of each of these items, is given in Annexure I (The inclusion of an item in the list does not, however, imply that licenses for that item will necessarily be issued). The license will be valid for the import of unused goods of U.S. source and origin only.

U.S. "origin" is defined to mean that the goods in question have been grown, mined or produced through manufacturing, processing or assembly in the U.S.A. Items may have non-U.S.A. (but free world) components provided that (with certain specific exceptions) the cost of the components to the supplier does not exceed ten per cent of the lowest export price at which the supplier makes the items available for export, excluding shipping costs and marine insurance.

U.S. "source" is defined to mean that the goods are shipped to India either from (a) the U.S.A., or (b) a bonded warehouse or free port if shipped there from the U.S.A. in the form in which received in India.

(II) Supplier's Certificate

The importer should obtain from the supplier a Supplier's Certificate as in the form attached in Annexure II and submit it along with other documents mentioned in Annexure VI to the Ministry of Finance (Department of Economic Affairs). Note that certification of U.S. source/origin is part of the Supplier's Certificate.

(III) Bid Invitations**A. Notice to U.S. Business Regarding Proposed Procurement of Goods**

Unless the value of a particular commodity authorized to be procured under the import license is less than \$5,000, or unless A.I.D. waives notification requirements, importers are required to follow the following procedures for notifying U.S. business regarding the intended procurement. The Notice to U.S. Business is shown in Annexure III.

The importer should execute the form "Notice to U.S. Business", attached as Annexure III and submit seven copies to Iron & Steel Control, DLF/Credit Cell, 33, Netaji Subhas Road, Calcutta-1, within 15 days of receipt of import licence. To the extent possible, specifications according to U.S. standards shall be indicated for all items sought to be imported and where U.S. specifications are not known full description of the goods should be given. These details should be given in the English language. While giving the description it should be ensured that it is worded in general terms enabling all interested suppliers to send in their quotations. Care

should be particularly taken to avoid mention of Model Nos. Maker's name etc. The 'Notice' should include all the items which are allowed to be imported under the import license. The importer shall not place or agree to place any order with the supplier for a commodity for which the total amount authorized under the import license is \$5,000 or more until 45 days have elapsed from the time that the 'Notice to U.S. Business' reaches the Agency for International Development, Washington (In special cases, to enable U.S. Business to make offers, AID may prescribe a longer period). To ensure that notification requirements are complied with, the Iron & Steel Control, DLF/Credit Cell, 33, Netaji Subhas Road, Calcutta-1 will, while forwarding the 'Notice to U.S. Business' to AID for publication in 'AID Small Business Circular', advise the importer the date up to which they shall defer placing final orders. On the expiry of this waiting period and subject to their receiving no further communication either from that authority or the AID Washington, the importers may finalize orders, after considering the quotations, if any, received from the U.S. suppliers in response to the 'Notice to U.S. Business' published by the AID in the 'Small Business Circulars'. It is emphasized that if any U.S. supplier asks for information or clarification from the Indian importer in response to the 'Notice to U.S. Business' such enquiries must be answered so that the potential U.S. supplier is enabled to quote for the item of goods required. It is the responsibility of the importer to see that such enquiries are duly answered by him and not ignored. The orders as finalized with suppliers should conform to the provisions of clause VI below.

B. Other Procurement Requirements

1. *Information on Price Accepted and Abstracts of Offers and Bids.* Upon request by the Iron and Steel Control, the importer shall furnish in abstract of all price quotations, offers, or bids received, as the case may be, showing : (a) the name and address of all offerers or bidders and their principals, if any (including manufacturers or processors of the goods where known); (b) the offers they made or the bids they submitted in terms of categories of goods, quantity, quality, delivery time offered and other relevant factors; and (c) the name of the successful bidder. In cases where the order was placed on the award made to other than the lowest offerer or bidder, the importer will give the reasons for rejecting the lower offers or bids and for accepting the successful bidder.

2. *Resubmission of Notice.* The Iron and Steel Control, or AID may require the revision and resubmission of any invitation which does not comply with the requirements set forth above. If warranted, the bid deadline may be extended due to such resubmissions.

(IV) Commodities of less than \$5,000 in Value

Where the amount authorized for a commodity is less than \$5,000, the submission of 'Notice to U.S. Business' mentioned in clause (III) above is not necessary and the importer can straightway finalize orders with Suppliers. It is, however, essential that the orders as finalized should conform to the provisions of clause VI below.

(V) Waiver of Notification Requirements

Upon written application of the importer the AID may reduce the 45 days waiting period, or waive this requirement in the case of procurement of proprietary items—i.e., items which are part of an existing plant or are required for the extension of an existing plant, for which orders must be placed on the original suppliers for technical reasons. For this purpose the importer may apply through the Iron & Steel Control, DLF/Credit Cell, 33, Netaji Subhas Road, Calcutta-1, to The Office of Small Business, Agency for International Development, Washington, D.C. 20523, while submitting the form of 'Notice to U.S. Business.' Such requests should be contain full and detailed justification for the requested 'waiver' and should be supported by documentary evidence wherever necessary. In no case, should such requests for 'waiver' be sent directly to AID. They are to be routed through the Iron & Steel Control, DLF/Credit Cell, 33, Netaji Subhas Road, Calcutta-1, who after satisfying themselves that a *prima facie* case for waiver exists, will forward such requests to AID for the latter's consideration and decision. The importer should not finalize the order unless the waiver applied for is granted by the Agency for International Development, Washington.

When importers are the exclusive distributors of products supplied by a certain principal, or are bound by a contractual agreement to buy certain kinds of types of

products only from that one supplier, the responsibility for securing 'waiver' from AID rests with the supplier, who should send the importer copies of his request, two of which must be forwarded on to the Iron & Steel Control. The request should be supported by a statement from the supplier similar to the following :

"We certify that (full name and address of importer) is bound by contractual agreement to purchase his requirements of (Name or description of commodity or products) only from (name of supplier); that our agreement prevents his purchasing other brands of this commodity, or products from other suppliers, and that he cannot, therefore, consider competitive offers."

(VI) Price of Commodities, and their Use

The goods should be procured at reasonable prices which should normally approximate the lowest competitive export market price, when quality, time and cost of delivery and other factors are duly considered. In addition, prices may not exceed the market price prevailing in U.S.A. at the time of purchase, adjusted for differences in the cost of transportation to destination, quality and terms of payment. (The supplier certifies to this price requirement in the standard suppliers' Certificate.) The prices at which contracts are concluded by the importer will be subject to check by the Government. Contract prices should be in U.S. dollars.

Any contracts entered into in violation of the conditions of this paragraph will render the license liable to cancellation. Goods imported under this import license shall be used only for the purposes for which the import license is issued and/or in accordance with such conditions as may hereafter be prescribed by Government. The importer shall promptly furnish to the Iron & Steel Control, DLF/Credit Cell, 33, Netaji Subhas Road, Calcutta-1, all relevant information concerning details of purchase and the use of goods obtained under the import license.

(VIA) In respect of the Import Licences issued to Public Sector firms and Government undertaking for Rs. 5 lakhs and above, no remittance of foreign exchange will be allowed from India. The U.S. suppliers will be paid directly by the Agency for International Development, Department of State, Washington through Letters of Commitment issued in favour of certain designated American Banks on submission to the Agency for International Development, Washington the documents as mentioned in Annexure IV of the Instructions attached to the licences. As soon as the import licence is received and after compliance with the provisions in clause III the licence should furnish a copy of the firm order duly accepted by the foreign suppliers showing the specifications and rate per M/Ton separately under each head. The importer will have to furnish to the Iron & Steel Controller direct a Bank Guarantee in the form reproduced in Annexure X. All correspondence about the Bank Guarantee should be made to the Iron & Steel Controller, Calcutta direct. The Bank Guarantee should be executed on non-judicial paper, the value of the stamp being adjudicated by the Collector in accordance with the provision of Section 31 of the Stamp Act, 1899, and as per specimen Form in Annexure X and valid for a period of three months beyond the probable shipment. The Letter of Credit will be authorised to be opened by the Iron & Steel Controller with the authorised American Bank holding Letter of Commitment. The materials will be released on Payment of the rupee equivalent dollar value of the material to the Iron & Steel Controller, Calcutta, who will be handing over the documents for release of the materials.

"The shipment in respect of imports made by Public Sector firms and Govt. undertakings irrespective of the licence values (i.e., Licences for more than 5 lacs or less than 5 lacs) should to the utmost possible extent to be made under FAS/FOB basis." The shipping arrangements in these respects will be made by the "Secretary Shipping Co-ordination Committee, Department of Transport, Transport Wing, New Delhi through their forwarding Agents M/s. Dyson Shipping Co. Inc. 10, Pearl Street, New York-1, N.Y. (Telegraphic Address Dysonco New York)". The importers will forward to the Secretary Shipping Co-ordination Committee, Department of Transport, New Delhi two copies of the Purchase contracts immediately after the contract is finalised. Full details of specifications, Period of Shipment and any special requirement should be furnished by the Importer in the prescribed Proforma (Annexure XI) in triplicate. The

Importer will stipulate in the contract that the Govt. appointed Forwarding Agents will be responsible for making shipping arrangements. The importer will also state in the contract the full documentation requirements.

The Payments of freight for cargoes on US vessel and third flag vessels will be made by the I.S.M. and for cargoes shipped on Indian flag vessels will be made in India by the Pay and Accounts Officer (Ministry of Works and Housing), Bombay. The importers will have to arrange for foreign exchange sanctions for shipment by non-Indian vessels and place sufficient funds at the disposal of the above two officers to make freight payments in advance.

(VII) Documentation

As far as practicable Letters of Credit will be opened at various U.S. banks for paying the suppliers for goods delivered. The importer is responsible that the supplier is informed regarding his responsibility in completing and submitting the following documents to the U.S. bank at the time that the supplier claims payment for the delivered goods. (Further detail of documentation requirements is contained in Annexure IV).

A. *Supplier's Invoice.* This regular, commercial invoice should show quantity, detailed description, gross sales price, net sales price (after deducting discounts and purchasing agents commissions) and basis of delivery (e.g., C&F, C.I.F., F.A.S.) of the goods. If goods were shipped from a free port or bonded warehouse, the invoice should so indicate.

B. *Evidence of Shipment.* This is normally a shipping bill of lading, although an airway bill, parcel post receipt or charter party bill, or other commercially accepted documentation is permissible. The document should contain the carrier's statement of charges, and should show the date of shipment.

C. *Supplier's Certificates.* The original and two copies of the AID Supplier's Certificate and Invoice-and-Contract Abstract is required to be sent to AID for reimbursement purpose through the Govt. of India executed by the supplier, covering each of the following :

1. *Certificate by Commodity Supplier.* The cost of the commodity, including the cost of ocean freight and/or marine insurance (including war risk insurance) when such costs are paid by the supplier for his own or the buyer's account, to be executed by the supplier of the commodity.

2. *Certificate by Carrier.* The cost of ocean freight, to be executed by the ocean carrier.

3. *Certificate by Supplier of Marine Insurance.* The cost of marine insurance (including war risk insurance) to be executed by the insurer, insurance broker, or underwriter if the cost of the insurance exceeds fifty dollars (\$50.).

A copy of the Supplier's Certificate is shown in Annexure II and the certificate of U.S. source/origin in Annexure IX. Note: Certification of—U.S. Origin is part of suppliers' certificate and must be furnished to the Ministry of Finance (DEA) (Economic Aid Accounts Section), in respect of each shipment along with all the above mentioned documents.

The importer must also inform the supplier of his responsibility to send one (non-negotiable) copy of the bill of lading, or other shipping document, one copy of the Supplier's Invoice, and one copy of the packing list to the Controller, US AID, Faridkot House, New Delhi, India.

(VIII) Payment against Import Licenses

Payments against the import licences may be made by the importers through the authorised dealers in foreign exchange in India in the normal manner. The importers shall stipulate in their contracts with suppliers a condition that payments, when due in accordance with the terms of the contract, will be made only on presentation to the bank concerned the required number of copies of the supplier's certificate, the supplier's detailed invoice, evidence of shipment, certificate of U.S. source/origin and any other necessary documents. The authorised dealers in foreign exchange, while making requests to their correspondents in the U.S.A. for opening letters of credit in favour of suppliers, should also instruct the U.S. correspondents to open the letters of credit with the explicit condition that payments will, *inter alia*, be subject to the presentation by the supplier to the bank concerned of complete sets of the required documents (usually in sextuplicate). These documents will be forwarded by the U.S. banks through the Indian banks concerned who will in

turn pass on one complete set of documents as mentioned in VII above to the Ministry of Finance (Department of Economic Affairs—Economic Aid Accounts Section), New Delhi, with the numbers of the relative import licences duly noted on each of these documents and along with certificate of remittances if the invoices are not marked 'paid'. The above condition regarding documentation will also apply to cases where bills are received by the authorised dealers in foreign exchange on collection basis to cover imports. This will, however, not absolve the importers from the responsibility of proper documents.

(IX) Within a fortnight of the placement of orders, a report should be sent to the Iron & Steel Control, DLF/Credit Cell, 33, Netaji Subhas Road, Calcutta-1 consisting of the following information and documents :

- A. Number and date and value of the license.
- B. Value of orders placed and accepted by supplier.
- C. Name and address of the supplier.
- D. General description of the equipment to be imported.
- E. A copy of the order placed on the supplier and of his acceptance.
- F. Indication of request, if any, for 'waiver' of "Notice to U.S. Business".

A copy of the report supported by the required information and documents should also be furnished to the Ministry of Finance, Department of Economic Affairs (Economic Aid Accounts Section), New Delhi, for their information. Any change in the terms of the order should be intimated promptly to the Iron & Steel Control (DLF/Credit Cell), 33, Netaji Subhas Road, Calcutta-1, as well as to the Ministry of Finance, Department of Economic Affairs. In the case of the following, a copy of the order should also simultaneously be endorsed to the Chief, Procurement Branch, U.S., A.I.D., Faridkot House, New Delhi.

- (i) Purchase of stainless steel and stainless steel products in which nickel is an alloy of value;
- (ii) Tinplate or Terneplate (6608);
- (iii) Nickel and nickel base alloy products (6955) in which nickel is the alloy of chief value;
- (iv) Tin metals, tin base alloys in primary forms (including tin and scrap) and tin and tin base alloy products including tin base babbitt (6981) and (6902);
- (v) Rubber and rubber products (code 8913).

(X) Actual User Licenses

Holders of Actual User licenses for raw materials may, at their discretion, import more or less of any items of raw materials covered by their licenses, subject to the following conditions :—

- A. The procedures in clauses (III), (IV) and (V) above, as the cases may be, are duly observed;
- B. The face value of the license is not exceeded; and
- C. The excess in respect of any individual item will not exceed 25 per cent of the value limit, if any, indicated in the license itself for that particular item.

The above facility will be allowed by the Customs authorities on the strength of this Public Notice and it will not be necessary for license holders to get their licenses specially endorsed for this purpose.

(XI) It should be ensured that at least 60 per cent of the total tonnage of all orders (computed separately for dry bulk carriers, dry cargo liners and tankers) is shipped on US flag commercial vessels.

The remaining 40 per cent of the total tonnage of all orders (computed separately for dry bulk carriers, dry cargo liners and tankers) should be shipped on Indian vessels to the extent that such Indian vessels are available at competitive and reasonable rates of freight. If, however, no suitable Indian vessel is available at competitive and reasonable rates, a non-availability certificate about Indian Vessels should be obtained by the Importers/Supplier from the Secretary, Shipping Co-ordination Committee, Ministry of Transport, New Delhi (Cable Transport). Freight charges in respect of goods transported on Indian flag vessels shall be payable in Indian rupee only.

If the non-availability of Indian Flag vessels is established in the manner prescribed above, the importer/supplier may ship those goods in a third country vessel. The vessel so used should be of countries included in code 899 of the ICA Geographic Code in effect at the time of shipment. The Code includes all countries except the following :

The Union of Soviet Socialist Republics, Albania, Bulgaria, Czechoslovakia, East Germany, Estonia, Hungary, Latvia, Lithuania, Rumania, Poland, Danzing, Vietnam (North), North Korea, China (Mainland), and communist controlled areas (which include Manchuria, Inner Mongolia, the provinces of Teinghai and Sikang, Sinkiang, Tibet, the former Kwantung leased territory, the present Port Arthur Naval Base Area, and Liaoning Province), Outer Mongolia, and Cuba.

In order to facilitate remittance of ocean freight in cases where third country vessels are used in the circumstances and under the conditions set forth in the preceding two sub-paragraphs of this clause, the importer should, at the time of opening letters of credit against licences issued under AID Loan No. 103 ensure that it is stipulated that in addition to the shipping documents etc. required for the purposes of negotiation, the supplier or shipper should produce the prescribed certificate regarding non-availability of Indian vessels, in the event of goods up to 40 per cent tonnage limit being transported by third country vessels, for drawing the freight amount under the Letter of Credit.

(XII) Disqualified Vessels

No part of the goods covered by the license should be shipped in any of the vessels notified in the Ministry of Commerce Public Notice No. 32-ITC(PN)/63, dated the 16th April, 1963 as amended from time to time, and as may be amended by the Iron & Steel Controller from time to time.

(XIII) Chartered Vessels

Goods covered by the license should not be carried in vessels chartered for the purpose unless such charter has been approved in advance by the AID.

(XIV) Mariner Insurances

Marine insurance may be effected either with U.S. or Indian Insurance Companies. In respect of insurance covered with Indian Insurance Companies, insurance premium shall be payable in rupees.

(XV) Insurance Claims

Claims for deficiency in quality and specifications for defective goods, shortlandings, damages, etc. with the suppliers/steamer companies shall be settled in dollars, the payment being remitted by the supplier to the concerned Bank in India of the Importer. There is, however, no objection to claims arising out of shortlandings of packages, damages to goods, while in transit with shipping companies, being settled by the shipping companies' representatives in India in rupees. In case the insurance is effected in India in rupees. Immediately upon the settlement of claims, the importer should notify the Iron and Steel Control, DLF/Credit Cell, 33, Netaji Subhas Road, Calcutta-1, all the details of such payment and also furnish a certificate from the Indian Bank that the necessary foreign exchange earned in connection with the settlement of the claims has been received in India. A copy of the report to the Iron & Steel Controller, and a copy of the certificate of the Indian Bank should be sent to the Ministry of Finance, Department of Economic Affairs (Economic Aid Accounts Section), New Delhi. In addition a quarterly statement as in the form enclosed as Annexure V should be rendered to the Iron & Steel Control, DLF/Credit Cell, 33, Netaji Subhas Road, Calcutta-1 along with the other quarterly reports indicated in clause (XVII) below. It is imperative that importers should receive the claims in India and should in no case arrange for their being credited to their accounts, if any, with the suppliers/shipping companies abroad.

(XVI) Marking of Commodities

The importer shall make arrangements with his suppliers to comply with the requirements regarding marking of the commodities imported as set out in Annexure VI.

(XVII) Records and Inspection

The importer shall maintain books and records adequate to identify the items financed under the loan; to disclose their costs and their use, to show the nature and extent

of solicitation of prospective suppliers and the basis for the award of the contracts or orders involved and to indicate the progress in their utilisation. Such books and records shall be maintained to the end of 1973. The importer shall enable the authorised representatives of the AID to inspect the utilisation of all items financed under the Loan and the records and books maintained in that connection and shall afford all reasonable opportunity and assistance to them for such examination. The importers shall submit to the Iron and Steel Control, DLF/Credit Cell, 33, Netaji Subhas Road, Calcutta-1, with copy endorsed to the Ministry of Finance, Department of Economic Affairs (Economic Aid Accounts Section), New Delhi, quarterly reports for each calendar year giving details of (i) procurement and utilisation; (ii) Of Ocean shipping and (iii) Orders or contracts for \$ 50,000 or more in the forms attached as Annexures VII, VIII, and IX. These reports shall be submitted within ten days after the expiry of the quarter under report.

(XVIII) Notifying Supplier

The importer should apprise the supplier that AID Regulation I (1964 revision) applies to the transaction if in effect on the date the order is placed. The importer shall also inform the supplier of any special provisions in the import licenses which affect the suppliers in carrying out the transaction.

(XIX) Disputes

It should be understood that the Government of India will not undertake any responsibility for disputes, if any, that may arise between the importers and suppliers.

(XX) Future Instructions

The importer shall promptly comply with any directions, instructions or orders issued by Government regarding any and all matters arising from or pertaining to the import licenses and for meeting the obligations under the Agreement.

(XXI) Breach or Violation

Any breach or violation of the conditions set forth in the clauses mentioned above will result in appropriate action under the Imports and Exports (Control) Act, 1947 as amended from time to time.

(XXII) Special conditions applicable to certain items of Import

(I) Stainless Steels and/or Stainless Steel Products

Import of Stainless Steels and/or Stainless Steel Products, in which nickel is an alloy of value, will be subject to the condition that the U.S. suppliers should agree to purchase at the option of the United States Government and under applicable procedures (to be ascertained by the U.S. supplier from the General Services Administration, Defence Materials Service, Washington DC 20405), surplus nickel from the Defence Production Act inventory through G.S.A. in amounts equal to the quantity of nickel required to produce the stainless Steels and/or Stainless Steel Products supplied.

2. The importer should specify the above obligation of the U.S. supplier in the 'Notice to U.S. Business' relevant to the procurement. He should also, besides embodying the above obligation in his contracts with the U.S. suppliers, inform the U.S. AID, Faridkot House, New Delhi of the name of the U.S. supplier and the particulars of the transaction as soon as the purchase contract is made.

(II) Tin Plate and/or Terne Plate

Import of Tin Plate and/or Terne Plate will be subject to the condition that the U.S. suppliers should agree to purchase at the option of the U.S. Government and under applicable procedures (to be ascertained by the U.S. supplier from the General Services Administration, Defence Materials Service, Washington DC 20405), surplus pig tin from the National Stockpile through G.S.A. in amounts equal to the quantity required to produce the Tin Plate and/or Terne Plate to be supplied.

2. The importer should specify the above obligation of the U.S. supplier in the 'Notice to U.S. Business' relevant to the procurement. He should also, besides embodying the above obligation in his contracts with the U.S. suppliers, inform the U.S. AID, Faridkot House, New Delhi of the name of the U.S. supplier and the particulars of the transaction as soon as the purchase contract is made.

(III) Nickel Products and Nickel Base Alloy Products

Import of Nickel Products and Nickel Base Alloy Products, in which nickel is the alloy of chief value, will be subject to the condition that the U.S. supplier should agree to purchase at the option of the U.S. Government and under applicable procedure (to be ascertained by the U.S. Supplier from the General Services Administration, Defence Materials Service, Washington D.C. 20405), surplus nickel from the Defence Production Act Inventory through G.S.A. in amounts equal to the quantity required to produce the nickel and/or nickel base alloy products supplied.

2. The importer should specify the above obligation of the U.S. supplier in the 'Notice to U.S. Business' relevant to the procurement. He should also, besides embodying the above obligation in his contracts with the U.S. suppliers, inform the U.S. AID, Faridkot House, New Delhi of the name of the U.S. supplier and the particulars of the transaction as soon as the purchase contract is made.

(IV) Tin Metal and Tin Base Alloys in Primary Forms (excluding Pig Tin) and Tin Products and Tin Base Alloy Products including Tin Base Babbit Metals

Import of these items will be subject to the condition that the U.S. suppliers should agree to purchase at the option of the U.S. Government and under applicable procedures (to be ascertained by the U.S. supplier from the General Services Administration, Defence Materials Service, Washington DC 20405) surplus pig iron from the National Stockpile through G.S.A. in amounts equal to the quantity required to produce the tin and/or tin base alloy products to be supplied.

2. The importer should specify the above obligation of the U.S. supplier in the 'Notice to U.S. Business' relevant to the procurement. He should also, besides embodying the above obligation in his contracts with the U.S. suppliers, inform the U.S. AID, Faridkot House, New Delhi of the name of the U.S. supplier and the particulars of the transaction as soon as the purchase contract is made.

ANNEXURE II TO PUBLIC NOTICE NO. _____ DATED _____ 1964

Supplier's Certificate and Agreement with the Agency for International Development

The supplier hereby acknowledges notice that the sum indicated on the accompanying invoice as claimed to be due and owing under the terms of the contract described on the reverse hereof (hereafter referred to as "said contract") is to be paid, in whole or in part, out of funds made available by the United States under the Foreign Assistance Act of 1961, as amended, and that such payment is subject to Regulation 1. of the Agency for International Development (A.I.D.) as in effect on the date hereof (22 CFR Part 201). In consideration of the receipt of such sum the supplier agrees with an certificates to A.I.D. as follows:

1. The undersigned is the supplier of the commodities on commodity-related service indicated in the Invoice and Contract Abstract on the reverse hereof, is entitled under said contract to the payment of the sum claimed,

and is executing this Certificate and Agreement for the purpose of obtaining such payment from funds made available by the United States as described above.

2. The supplier will, upon the request of the Administrator, promptly make refund to A.I.D. of any amount by which the purchase price exceeds the maximum price permitted under the provisions of Subpart G of A.I.D. Regulation 1 other than Section 201.62(a).

3. The supplier will, upon the request of the Administrator, promptly make appropriate refund to A.I.D. in the event of:

- his non-performance, in whole or in part, under said contract, or
- any breach by him of any of his undertakings in this Certificate and Agreement, or
- any false certification or representation made by him in this Certificate and Agreement or in the Invoice-and-Contract Abstract on the reverse hereof in regard to the transaction indicated therein.

4. The supplier will promptly pay to A.I.D. (Office of the Controller, A.I.D., Washington, D.C. 20523) any adjustment refunds, credits, or allowances payable to or for the account of the importer arising out of the terms of the said contract or the customs of the trade.

5. On the basis of information from such sources as are available to the supplier and to the best of his information and belief, any commodity supplied under said contract meets the requirements of Section 201.11(b) of A.I.D. Regulation 1 (1964 revision) as to (a) U.S. Source, (b) U.S. origin and (c) limitation on non-U.S. components.

6. The supplier or his agent has not compensated any person to obtain said contract except to the extent, if any, indicated on the reverse hereof.

7. The supplier or his agent has not given or received and will not give or receive side payments, "kickbacks", or any other payment or benefit whatever in connection with said transaction or any series of transactions of which said transaction is a part, other than those payments or benefits referred to in paragraphs 1 and 4 and indicated on the reverse hereof. Any commissions paid or to be paid in connection with said transaction are shown on the reverse hereof in blocks 20 through 22.

8. If the supplier is the producer, manufacturer or processor of the commodity, said contract is not cost-plus-percentage-of-cost contract.

9. On the basis of information from such sources as are available to the supplier, and to the best of his information and belief the purchase price is no higher than the maximum price permitted under each of the requirements of Subpart G of A.I.D. Regulation 1 relating to maximum prices, other than Section 201.62(a).

10. The amount shown on the reverse hereof in block 2 is net of all credits, allowances, and discounts granted and payments made by the supplier or his agent to or for the account of the importer, including all discounts and payments for quantity purchases and prompt payment customarily allowed other customers under similar circumstances.

11. The supplier will for a period of not less than five (5) years after the date hereof maintain all business records and other documents which bear on his compliance with any of the undertakings and certifications herein and will at any time requested by A.I.D. make such records and documents available to A.I.D. for examination.

12. The supplier has complied with the provisions contained and referred to in Subpart D of A.I.D. Regulation 1. If the supplier has been informed by A.I.D. of a requirement for submitting to A.I.D. for prior review proposed sales to be financed through funds made available by A.I.D. the supplier has made such submission, has been notified by A.I.D. of the results of such review, and has complied with all conditions and requirements specified in such notification.

13. The supplier has filled in the applicable portions of the Invoice-and-Contract Abstract on the reverse hereof, certified to the correctness of the information shown therein, and will upon the request of A.I.D. promptly furnish to A.I.D. such additional information in such form as A.I.D. may request concerning the purchase price, the cost to the supplier of the commodities and/or commodity related services involved, or any other facts, data, or business records relating to the supplier's compliance with his undertakings and certifications in the Supplier's Certificate and Agreement.

14. The agreement incorporated herein shall be deemed to be a contract made under the laws of the District of Columbia, U.S.A., and shall be governed by and construed in accordance with such laws.

NOTE 7.—Indicate the date by which delivery is required or desired, and the delivery place. (For example: K. Delivery: Bombay, 15 November 1965).

NOTE 8.—List any special shipping or packing instructions or other conditions and information which are applicable and not included in preceding paragraphs.

ANNEXURE IV

ANNEXURE IV TO PUBLIC NOTICE NO. —————

DATED ————— 196 —

Documents Required from Suppliers

For cost of goods including costs of freight and/or marine insurance where the supplier pays such costs either for his own or the buyer's account, the following documents will be required:

1. *Suppliers Detailed Invoice.*

A. One copy (or photostat) of the suppliers' detailed invoice showing: quantity detailed description; sales price for each item, reflecting all trade discounts; purchasing agents commissions applicable; the basis of delivery (e.g. F.O.B. vessel, C.I.F., F.A.S.) of the goods; the dollar cost of any incidental services, including delivery services, not included in price of item; and name and address of supplier of marine or transportation insurance and the dollar cost of such insurance if less than fifty dollars (\$50)

B. The Supplier's Invoice should be either:

(1) Marked "paid" by the supplier, or

(2) Endorsed by, or accompanied by a certificate of an officer of a banking institution indicating that payment has been made in the amount shown in the invoice.

(Where the suppliers' detailed invoice covers cost of ocean freight only, such invoice shall be executed by the supplier of the ocean freight and shall indicate instead of the quantity, description, sales prices and basis of delivery indicated above, the vessel, flag and the dollar and/or rupee cost of ocean freight and related transportation charges, and either (a) marked "paid" by the supplier of the ocean transportation or (b) endorsed by, or accompanied by a certificate of an officer of a banking institution indicating that payment has been made in the amount shown on the invoice. If the bill of lading (required by sub-paragraph C(1) below) meets the requirements of this sub-paragraph no invoice is required).

C. In the case of goods shipped from a free port or bonded warehouse, the suppliers should endorse, on or attach to the copy (or photostat) of the supplier's invoice, a statement indicating:

(1) Shipment from either a free port or bonded warehouse, in accordance with the facts;

(2) the country or area from which the goods were shipped into such free ports or bonded warehouse; and

(3) the name and flag of the vessel which transported the commodities from the U.S.A. to the free port or bonded warehouse.

2. *Evidence of Shipment.*

A. Bill of lading or substitute, one copy (or photostat) of ocean or charter party bill of lading, or airway bill, or parcel post receipt.

B. Bank certificate for shipments from United States. In the case of any commodity shipped from the continental United States (excluding Alaska) a certificate from the banking institution to the effect that it has been informed by the Approved Applicant or supplier that the sale is on an F.O.B. or F.A.S. basis and it is impracticable to furnish an ocean or charter party bill of lading, airway bill or parcel post receipt, and that either:

(1) Shipment documents sent by bank. The banking institution has received a common carrier bill of lading, warehouse receipt, mate's receipt master's receipt, dock receipt or domestic parcel post receipt (if in non-negotiable form, showing that the commodity has been consigned to or is being held for a person or organisation designated by the approved applicant); it has delivered or sent the same, in accordance with the instructions of the approved applicant, to a person or organisation designated by the approved Applicant; and it has in its possession a written undertaking of such person or organisation (a) to arrange for ocean shipment and to deliver to the banking institution a copy (or photostat) of the ocean or charter party bill lading, airway bill, or parcel post receipt or (b) if unable to arrange for ocean shipments within 90 days of the date of the undertaking to deliver to the banking institution a common carrier bill of lading or warehouse receipt in negotiable form for the commodity; or

(2) Shipment document held by bank. The banking institution has received a common carrier bill of lading or warehouse receipt in negotiable form, and is in possession of the bank, it has been unable to deliver the same to a person or organisation designated by the Approved Applicant against the written undertaking described in (1) of this sub-division, and it is holding the negotiable common carrier bill of lading or negotiable warehouse receipt except that if it becomes possible before any such instructions are received, it will proceed in accordance with (1) of this sub-division.

3. *Supplier's Certificate.*

Three copies of the supplier's certificate (one original and two copies which may be photostat or unsigned) and Invoice and Contract Abstract" on reverse side, as shown in Annexure II. The original certificate must be signed manually in ink.

A. The cost of the commodity, including, the costs of ocean freight and/or marine insurance including war risk insurance when such costs are paid by the supplier for his own or the buyers' account to be executed by the supplier of the commodity.

B. The cost of ocean freight to be executed by the ocean carrier.

C. The cost of marine insurance including war risk insurance to be executed by the insurer, insurance broker, or underwriter, when the cost of such insurance is more than fifty dollars (\$50).

4. Certificate of U.S. source/origin should be furnished in the form attached in Annexure IX.

5. *Additional Documentation.*

Such additional or substitute documentation as may be specified by the Government or AID.

Marking Requirements

Goods and Shipping Containers

Except as otherwise provided below, all loan financed goods (including machinery, equipment and materials) and their shipping containers will carry an emblem or other marking appropriately indicating the cooperation of the Government of the United States in furnishing assistance in the financing of the goods. Normally, these emblems or markers are affixed by the suppliers of the goods. Importers under AID Loans are responsible for assuring that suppliers of loan-financed goods receive necessary instructions concerning AID marking requirements.

1. Type of Emblem or Marker.

The requirements of the foregoing paragraph may be complied with by affixing a label, decalcomania, stencil, tag, metal plate, or by other means. The kind of emblem and size will depend on the type of commodity or shipping container and the nature of the surface to be marked, but in all cases must be large enough to be clearly visible at a reasonable distance. Emblems placed on goods must be substantially as durable as the trade mark or brand name affixed by the producer; emblems on shipping containers must be legible until they reach their destination. A list of firms that supply emblems satisfactory to the AID is attached hereto.

2. Exemptions and Waivers.

(a) *Exempted Goods*: To the extent compliance is impracticable, materials shipped in bulk, and semi-finished products that are not packaged in any way are exempt from the above prescribed marking requirements. If such materials or semi-finished products are shipped in containers of any kind, appropriate markers as described above shall be placed on or attached to the containers.

(b) *Waivers*: Upon representation by the importer through the Iron & Steel Controller, Calcutta to the AID Office of Small Business that strict compliance with the marking requirements, in their application to particular shipments or categories of goods, will result in undue hardship, disproportionate expense, delay in delivery of the goods, or is otherwise impracticable, the AID will consider waiving the marking requirements as they apply to the particular shipment or category of goods, or may prescribe alternative means for complying with the requirement.
